ALBERT J. McCRERY, JR, 1919-1999

ALBERT J. McCRERY, III RETIRED

RICHARD W. HARRA, PRESIDENT

March 17, 2020

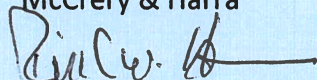

To our community:

My father used to say "It's a strange world", and these days in which we find ourselves are strange indeed. During this pandemic, the staff at McCrery & Harra remain committed to keep safe our families, employees, and facilities. We are doing our best to stay in compliance with all pertinent information as it evolves from the national and local governments. Here are our current policies:

- Funeral services will be limited to ten people. We offer livestreaming and video recording of services. Public memorial services will be an option in the future.
- We offer telephone/email/Skype consultations for at-need and pre-need families so that arrangements can be made at your convenience and in the comfort of your own home.
- Unfortunately our Annual Spring Remembrance Service, originally scheduled for April 5 has been cancelled.
- We are aware that this crisis will hold economic repercussions for many families and we are sensitive to those situations – we will work with you.

Since 1911, McCrery & Harra has been honored to be chosen as the Funeral Directors of choice for thousands of families. In our 109 years, we have continuously served our families, professionally and safely, during the Spanish flu pandemic of 1918, the polio outbreak of the 1950's, and the AIDS epidemic of the 1980's. We will continue to remain vigilant during the Corona virus pandemic of 2020, and always with the welfare of the families we are serving as our paramount goal.

Respectfully yours,
McCrery & Harra

Richard W. Harra
President
